Adding lists

Lists are handy:

- they're short
- easy to read
- summarise

Add lists:

- don't forget `</li>`

```
<ul>
  <li>rafting</li>
  <li>bungee jumping</li>
  <li>visting Hobbiton</li>
</ul>
```

Try changing `<ul>` to `<ol>` to see what it does - change the closing tag as well!
